

Medicaid Planning Dictionary What Is...?

Medicaid Planning

Medicaid Planning means helping people get Medicaid, even if they earn more than the Medicaid eligibility guidelines. Maximum Care Solutions makes Medicaid Planning simple. We will create a Medicaid plan, help you gather documents, and file your application

We will deal with Medicaid for you, and make the process worry-free!

Medicaid Spend Down

When a person earns more than the Medicaid income limit, they may have a Medicaid Spend Down. That means that they may have to spend some of their own money to pay for their care.

For example, if you earn \$1000 per month, and the Medicaid income limit is \$700, Medicaid will require you pay \$300 a month towards your home care expenses.

Maximum Care Solutions can help you avoid a Medicaid Spend Down, by creating a Pooled Income Trust.

Pooled Income Trust

A Pooled Income Trust is an account for all income that is above the Medicaid limit. Instead of sending the money to Medicaid, the money in this trust is used for household expenses such as rent, utilities, and food.

Maximum Care Solutions can create and administer your Pooled Income Trust, saving you hundreds or thousands of dollars each month.

IF YOU...

- Need Medicaid, but think you aren't eligible...
- Got stuck in the Medicaid application process...
- Are paying towards a Medicaid Spend Down...
